

Business Description

We at Marukome Co., Ltd. are continuing our activities so that more and more people may enjoy the delicious taste of Miso soup. To keep our customers satisfied, we are proposing this new module called Miso Soup Machine as our means to offer high-quality products that taste good as well. Using the Miso Soup Machine provides solutions to existing problems and our own rental system allows initial investments to be held down. Please continue looking forward to what we have in store for you!

3 Major Factors in Making Tasty Miso Soup

~Eat what you want, as much as you want, when you want it!~

Miso Soup Machine Specification

The machine is made so that anyone can use it conveniently. Keeping it clean is easy, too!
